

THE FIRST ISRAEL CONGRESS ON PELVIC FLOOR ULTRASOUND

Thursday 11 December 2014

Sheba Medical Center in Tel-Hashomer

Auditorium of the Autoimmune Department

Organized by the Neurogastroenterology Section
Of the Israel Gastroenterology Association

Dr. Marc Beer-Gabel

**Director Neurogastroenterology
& Pelvic Floor Services,
Sheba Medical Center.**

The pelvic floor pathology is frequent and under diagnosed .There are relatively few symptoms to express pelvic floor disorders. These symptoms are generally nonspecific. Constipation, incontinence or pelvic pain may be the expression of organ dysfunction or diseases. The dysfunctions often involve several organs or pelvic structures . Pelvic floor ultrasound is an excellent method to visualize all the compartments of the pelvic floor and to evaluate the anatomy and the function of these structures. It has the advantage to be a non-ionizing, reproducible, office procedure. There are multiple ultrasound modalities and transducers to master and examine the whole pelvic floor.

This first Israel pelvic floor ultrasound workshop offers a hands-on opportunity to learn the techniques of anorectal, transvaginal and transperineal ultrasound for practical use in the clinic.

It is designed to teach the basic ultrasound methods and interpretation for gastroenterologists, surgeons, radiologists and gynecologists. Any physician treating patients with either anorectal cancer, perineal sepsis, incontinence, inflammatory bowel disease, obstructive defecation, chronic pain, multi-compartments dysfunction will benefit from this workshop.

Dr Giulio A. Santoro MD, PhD

**Director of the Italian School of
Pelvic Floor Ultrasonography**

Dr. Giulio A. Santoro, MD, Ph.D., was educated at the University of Naples and at the University of Siena, Italy. He is Chief of the Pelvic Floor Unit and Consultant General Surgeon and Colorectal Surgeon, IDepartment of Surgery at Treviso Regional Hospital, Italy.

He also holds academic appointments as Professor of Gastrointestinal Surgery at University of Padua, Italy and Honorary Professor at Shandong University, China.

Dr.Santoro is Director of the Italian School of Pelvic Floor Ultrasonography. He is board member of the Italian Society of Colorectal Surgery and member of the editorial board of World Journal of Gastrointestinal Surgery, Female Pelvic Medicine Reconstructive Surgery and Pelvip erineology. He is also author of more then 200 chapters and articles published on peer-review journals as well as the author of three books. He was in the faculty of more than 300 international congresses, workshops and courses on imaging and management of Rectal Cancer, Benign Anorectal Diseases and Pelvic Floor Disorders.

PROGRAM

08:00 - 08:30	Coffee and Registration		
08:30 - 09:00	Course Opening	Prof. Ari Shamiss Director Sheba General Hospital Prof. Nadir Arber Chairman of Israel Gastroenterology Association Prof. Oded Zmora Chairman of Israel Society of Colon and Rectal Surgery Dr Ram Dickman Chairman of Israel Neurogastroenterology Group	
	Introduction	Dr Beer-Gabel Marc	
	Basics in Pelvic floor US	Chairman: Dr Ram Dickman (Rabin Medical Center, Beilinson Hospital)	
09:00 - 09:15		Anorectal ultrasound	Guilio Santoro
09:15 - 09:30		Ultrasonographic Pelvic anatomy	Marc Beer-Gabel
09:30 - 09:40		Q/A	
	The place of US in fecal incontinence evaluation	Chairman: Dr Eytan Bardan (Chaim Sheba Medical Center)	
09:40 - 09:50		The urogynecologist perspective	Gil Levy
09:50 - 10:00		The colorectal perspective	Maurice Venturero
10:00 - 10:20		Ultrasound assessment of anal and levator ani damages after delivery	Vered Eisenberg
10:20 - 10:40		Ultrasound assessment of idiopathic fecal incontinence	Joseph Lysy
10:40 - 10:50		Q/A	
10:50 - 11:10	Coffee break		
	Ultrasound in the anorectal lab	Chairwoman: Dr Elisa Tiomny (Tel Aviv Sourassky Medical Center)	
11:10 - 11:20		Why do we need pelvic floor ultrasound ?	Yishai Ron
11:20 - 11:40		US Assessment of defecation disorders	Marc Beer-Gabel
11:40 - 11:50		Q/A	
	The place of ultrasound in rectal cancer evaluation	Chairman: Dr Nir Wasserberg (Rabin Medical Center, Beilinson Hospital)	
11:50 - 12:00		What is the place of ultrasound in ano-rectal cancer staging and surveillance ?	Marat Khaikin
12:00 - 12:20		Ultrasound assesment of rectal cancer	Guilio A. Santoro
12:20 - 12:30		Q/A	
12:30 - 12:40	Coffee break		
	Ultrasound assesment of Inflammatory bowel disease	Chairman: Prof. Yehuda Chowers (Rambam Health Care Campus)	
12:40 - 12:50		Why do we need ultrasound ?	Yehuda Chowers
12:50 - 13:10		Perineal Crohns disease evaluation by ultrasound	Muriel Webb
13:10 - 13:30		Transabdominal ultrasound in the evaluation of small bowel Crohns disease	Dan Carter
13:30 - 13:40		Q/A	
	Ultrasound assesment of perianal sepsis	Chairman: Dr Ram Edouard (Rabin Medical Center, Hasharon Hospital)	
13:40 - 13:50		What is the place of ultrasound in perineal sepsis evaluation ?	Oded Zmora
13:50 - 14:10		US assesment of perineal sepsis	Guilio Santoro
14:10 - 14:20		Q/A	
14:20 - 14:40	Discussion	Prof. Guilio A. Santoro	Faculty
14:40 - 14:45	Closing remarks	Dr Beer-Gabel Marc	
14:45 - 15:15	Lunch		
15:30 - 17:30	Live cases and demonstrations in the GI deptament	Conference room Videotransmission of live cases with demonstrations Interactive discussion	Guilio A. Santoro Marc Beer-Gabel

FACULTY

International

Prof. Giulio A. Santoro (Italy)

National

Dr. Beer-Gabel Marc - Sheba Medical Center

Dr. Carter Dan - Sheba Medical Center

Prof. Chowers Yehuda - Rambam Medical Center

Dr. Eisenberg Vered - Sheba Medical Center

Dr. Khaikin Marat - Sheba Medical Center

Dr. Levy Gil - Maynei HaYeshua Hospital, Bnei Brak

Dr. Lysy Joseph - Shaare Zedek Medical Center

Dr. Venturero Maurice - Sheba Medical Center

Dr. Webb Muriel - The Tel-Aviv Sourasky Medical Center

Dr. Yishai Ron - The Tel-Aviv Sourasky Medical Center

Prof. Zmora Oded - Sheba Medical Center

Organization

Admission is free to this one day course

All sessions will be conducted in English.

איך להגיע לכנס (לאודיטוריום) במרכז זבלדוביץ-היח' למחלות אוטואימוניות במרכז הרפואי "שיבא" תל-השומר.

האולם ממוקם בבניין המרכזי (מחלקות אשפוז).
בכניסה הראשית לתל השומר, 50 מטר קדימה - יש כיכר. בכיכר לפנות שמאלה - ומיד מימין בנין גדול שכולו חניון:
"חניון מרכז הצומת".
לחנות באחת הקומות בחניון הזה וללכת למעליות הנמצאות בקצה הפנימי של כל קומה.
לעלות - או לרדת במעלית לקומה 4, היא קומת המסעדות והחנויות.
בקומה זו, ליד חנות בגדים בשם O-BOX. יוצא מסדרון לכוון בנין האשפוז המרכזי.
יוצאים למסדרון ארוך, עם מסוע כמו בשדה התעופה.
המסוע בנוי משני חלקים, עם רווח במחצית בין חלק אחד לשני.
(א) אפשרות אחת – במחצית המסוע משמאל, יש דלת זכוכית שנפתחת אוטומאטית כשמתקרבים אליה.
דלת זו מביאה אותך ישירות למקום הכנס.
(ב) אפשרות אחרת (אם הדלת האמצעית נעולה) - להגיע עד סוף המסוע, להיכנס שמאלה בדלת הזכוכית הגדולה שנפתחת אוטומאטית כשמתקרבים אליה.
לאחר שנכנסים לאולם הכניסה, לפנות שמאלה למסדרון עד סופו. שם מתקיים הכנס.
